III. Legal Conclusions

Pursuant to K.A.R. 100-6-2(c), for licensure by examination, applicants from unaccredited schools of medicine shall present proof of at least 36 months of postgraduate training approved by the council on medical education, or the substantial equivalent, as determined by the Board. The Board will forgo analysis as to whether Applicant's postgraduate training is substantially equivalent to training approved by the council on medical education since, as indicated below, the Board has determined that Applicant meets requirements for licensure by endorsement.

Pursuant to K.S.A. 65-2833, for purposes of applications for licensure by endorsement, the Board may issue a license to an Applicant who has been in active practice in another state if the Applicant's endorsed license has not been limited or subject to discipline when the Applicant presents proof of the following: (a) The state the applicant last practiced has and maintains standards at least equal to those maintained

by Kansas; (b) Applicant's original license was based upon an examination and passing grade equal to Kansas examination requirements; (c) Since the endorsed licenses were attained; (d) That the applicant has been actively engaged in practice under such license or licenses since issued; and (e) That the applicant has a reasonable ability to communicate in English.

Pursuant to K.A.R. 100-8-3, applicants seeking licensure by endorsement must have been actively practicing in the twelve months immediately preceding the application, consisting of either at least one full day per week for at least 50 weeks, a total of 400 hours, or the substantial equivalent as determined by the Board. Based on the submissions of Applicant, including his Application and testimony, the Board finds that he has submitted satisfactory proof of meeting the requirements imposed by K.S.A. 65-2833 and K.A.R. 100-8-3 and that Applicant's individual qualifications are substantially equivalent to the Kansas legal requirements for purposes of licensure by endorsement.

The Board finds that the Applicant meets the requirements for licensure by endorsement and **GRANTS the APPLICATION.**
